AKC Temperament Test Title

The AKC Temperament Test (ATT) is a general temperament test for all breeds and mixed breed dogs that will assess the dog's reaction to a variety of stimuli. These stimuli will be in the following six categories: Social, Auditory, Visual, Tactile (touch), Proprioceptive (motion) and Unexpected Stimuli. The purpose of the ATT is to test for fear, shyness, inability to recover, and lack of cooperation. Desired traits are that the dog will be emotionally stable, inquisitive, appropriately social for its breed, biddable, and demonstrates the ability to recover from a startling situation in a reasonable amount of time. Dogs who show signs of aggression will not pass the test.

If a dog passes the ATT on two occasions, under two different evaluators, the owner may apply for the AKC Temperament Test (ATT) suffix title by going online; www.akc.org/akctempstest and submitting the ATT title application along with the Evaluator Score Sheets (one from each of the two required tests) and the required title application fee. Upon verification, the ATT title will be applied to the dog's record and will appear on the dog's AKC title record. The title certificate will be mailed to the dog's primary owner of record.

Collars, Leashes: Dogs may wear slip collars that are on the dead ring, buckle collars, martingales and body harnesses in the ATT. They may not wear prong collars, head collars, ecollars, or harnesses that restrict the movement of the dog. Leashes should be 4ft. to 6ft. long and should be made of fabric or leather.
